

HEALTH AND SAFETY: STATEMENT OF SAFETY ORGANISATION (610)

1. Introduction

As Head I am responsible for the health, safety and welfare of the staff, pupils and visitors to the school and in respect of all activities carried on both on and off school premises where these are arranged under the auspices of the school. I am also responsible for ensuring that the requirements of the GDST's H&S Policy are implemented in the school.

To achieve the above, H&S is managed by a variety of means which include:

- The GDST H&S Handbook and Policy Statement is issued to all new staff as part of their pre-joining pack and the latest version is on the shared site for staff to access at any time.
- Making staff aware that they have a legal responsibility for H&S as well as the school having a responsibility for providing a safe working environment for staff, pupils, visitors and contractors.
- H&S is a standing agenda item on all departmental meetings.
- H&S Policy Statements, Risk Assessments and Self-Evaluation forms are completed by Heads of Department or their Support Staff equivalents annually and are checked by the school's Health and Safety Co-ordinator. On a termly basis the GDST H&S team assess and critique a selection of these.
- General Health & Safety and Fire Safety is co-ordinated by the Director of Finance and Operations who is also responsible for ensuring that timely training is delivered to all staff in accordance with legal requirements and Trust guidelines. This forms part of the annual INSET programme in September each year.
- Heads of Department for the higher risk areas (for example: Science, Art and D&T, PE, Drama, Catering, Facilities and ICT) are responsible for ensuring that their staff are suitably trained in any Health and Safety requirements and for maintaining an up to date training plan as well as for conducting any regular servicing and maintenance of equipment specific to their department.
- Regular and routine servicing and maintenance is the responsibility of the department
- Recording of accidents and near-misses on the Rivo software which is reviewed and reported on by the Welfare Officers and the H&S Co-ordinator and is also reviewed by the GDST.
- Termly H&S committee meetings with representatives from all the higher risk departments and EYFS.
- External audits including 5 yearly general H&S audit conducted and Science specific Cleapss audits.
- In 2024 an external Fire Safety Risk Assessment survey was conducted and subsequent action plans produced.
- The Educational Visits Co-ordinators for Senior School and Prep School ensure that the GDST policy and the school's process guidelines are followed and that the nominated staff are suitably trained and experienced to plan and lead educational visits.

- Staff are informed of any major H&S updates through the H&S committee, HoDs meetings, staff meetings and/or email.
- The perimeter is secured by having access control on all external doors and gates.
- The reception staff have panic alarms and walkie-talkies. All visitors should be signed in/out at Reception and accompanied.
- We operate the InVentry sign-in system throughout all areas of the school.

At school we are supported by the GDST H&S team with a nominated H&S Advisor. The Estates team surveyor is also available to advise on H&S matters regarding the buildings and the site and visits the school monthly.

My specific responsibilities are as follows. Some of these responsibilities I have delegated in writing and this document describes these and also describes the advisory arrangements within the school.

- (a) To ensure that:
- i. Area, Activity, Hazard Specific (e.g. Manual Handling) and Person Specific (e.g. employee pregnancy) Risk Assessments are completed and regularly reviewed and significant information arising from the risk assessments is provided to those affected;
 - ii. All working practices and procedures are safe and in compliance with Trust guidance and any relevant codes of practice;
 - iii. All staff, pupils and visitors are appropriately and adequately instructed and/or trained in safe procedures and working practices; and
 - iv. Departmental H&S Self Evaluation Forms are completed annually and Action Plans are produced and implemented to address significant risks.

(b) To inform the school's H&S Co-ordinator and the relevant staff at Trust Office of any special or newly identified risks or new risks about to be introduced.

(c) To ensure all accidents, incidents, e.g. fires, and serious near misses are recorded on the RIVO Safeguard website; to ensure all serious accidents, incidents and fires are investigated and, where possible, actions are taken to prevent them reoccurring.

(d) To ensure that the school' H&S Baseline Risk Register is updated annually and an Action Plan is produced to address significant risks.

(e) To appoint an appropriately qualified medical practitioner and first aiders and to provide appropriate first aid equipment and facilities which are checked regularly.

(f) To undertake the duties of 'The Responsible Person' as laid down in the Regulatory Reform (Fire Safety) Order 2005. **(See Fire Safety section on GDST HUB - H&S)**

(g) To make sure that the conditions of any local authority licences are observed.

(h) To ensure the safe disposal of hazardous wastes, in compliance with Trust procedures and statutory regulations.

- (i) To ensure, as far as possible, that preventative health measures are taken.
- (j) To post warning notices and signs that comply with The Health and Safety (Safety Signs and Signals) Regulations 1996 where risks cannot be adequately controlled in other ways, or to indicate safe conditions/safety equipment

2. Delegated Executive Responsibility

I am responsible directly for any area within the school (and off-site premises) and any activity for which I have not specifically delegated responsibility below. When I have delegated responsibility below those persons have authority to enforce the Trust's Health & Safety Policy in the areas or in respect of the functions for which they are responsible. They must notify me and the School Health & Safety Co-ordinator of any new or special risks arising in their areas and also of any precautions that have to be taken to combat the hazard and they must report to me any breach of safety regulations.

Where they may be absent for long periods, adequate substitution must be made in writing with copies to me and such employees and other persons as may be affected.

(i) Heads of Department/Line Managers

Every Head of Department/Line Manager is responsible for ensuring, as far as is reasonably practicable, the safety of staff, pupils and other persons in their Department.
